## Why do we ask these questions?

#### 7. GENERAL ENROLLMENT QUESTIONS

**Military:** A "Military-connected youth" means having a biological parent or legal guardian who is currently in the armed forces (either as a reservist or on active duty) or has recently retired from the armed forces.

**Expelled:** Has your student ever been expelled from a previous school? This information is used in determining if an Open Enrollment request will be granted. Determination is based on the reason for the expulsion.

**Arrested:** Has your student ever been arrested resulting in a charge? If yes, the school district contacts the probation officer to exchange information regarding the enrollment (such as attendance, grades, etc.). This information is used to determine if your student is currently on probation.

Title I – Part A (Title I) of the Elementary and Secondary Education Act, as amended (ESEA) provides financial assistance to Local Education Agencies (LEAs) and schools with high numbers or high percentages of children from low-income families to help ensure that all children meet challenging state academic standards. Federal funds are currently allocated through four statutory formulas that are based primarily on census poverty estimates and the cost of education in each state.

Section 504 – Section 504 of the Rehabilitation Act of 1973 (34 C.F.R. Part 104) is a federal civil rights statute that assures individuals will not be discriminated against based on their disability. All school districts that receive federal funding are responsible for the implementation of this law. Individuals who have been determined to have a disability under Section 504 may or may not be disabled under special education (IDEA). Section 504 protects a student with an impairment that substantially limits one or more major life activities, whether the student receives special education services or not. Parents who have concerns or questions regarding Section 504 should contact their building principal.

Is this your student's first school enrollment in the United States? Providing the information is not required and the requested information will only be used to determine whether the child may be eligible for programs offered in the district that provide enhanced instructional opportunities for immigrant children and youth.

#### 9. RESIDENCY INFORMATION

This information is used to ensure the educational rights and protection for students experiencing homelessness. A homeless individual is one who: (1) lacks a fixed, regular and adequate nighttime residence and (2) includes: (a) children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, or camping grounds due to the lack of alternative adequate accommodations; are living in an emergency or transitional shelter; are abandoned in hospitals; or are awaiting foster care placement; (b) children and youths who have a primary nighttime residence that is a public or private place not designated for or ordinarily used as a regular sleeping accommodation for human beings: and (c) children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings. You are not required to complete the information in this section of the form. If you choose not to complete this section there may be a delay in the provision of services. The school teacher, school and district administrators and the Minnesota Department of Education (MDE) have access to this information.

## **Minnesota Language Survey**

Minnesota is home to speakers of more than 100 different languages. The ability to speak and understand multiple languages is valued. The information you provide will be used by the school district to see if your student is multilingual. In Minnesota, students who are multilingual may qualify for a Multilingual Seal upon further assessment. Additionally, the information you provide will determine if your student should take an English proficiency test. Based upon the results of the test, your student may be entitled to English language development instruction. Access to instruction is required by federal and state law. As a parent or guardian, you have the right to decline English Learner instruction at any time. Every enrolling student must be provided with the Minnesota Language Survey during enrollment. Information requested on this form is important to us to be able to serve your student. Your assistance in completing the Minnesota Language Survey is greatly appreciated.

#### For Parent/Guardians:

#### **Definitions:**

Indian means an individual who is (1) A member of an Indian Tribe or Band, as membership is defined by the Indian Tribe or Band, including any Tribe or Band terminated since 1940, and any Tribe or Band recognized by the State in which the Tribe or Band resides; (2) A descendant of a parent or grandparent who meets the requirements described in paragraph (1) of this definition; (3) Considered by the Secretary of the Interior to be an Indian for any purpose; (4) An Eskimo, Aleut, or other Alaska Native; or (5) A member of an organized Indian group that received a grant under the Indian Education Act of 1988 as it was in effect on October 19, 1994.

**Student Information:** Write the name of the child, date of birth, grade level, name of school and school district. Only name one child per form.

**Tribal Membership:** Write the name of the individual with the tribal membership, if it is not the child listed. Only one name is needed for this section, even though multiple persons may have tribal membership. Select only one identifier: the child, child's parent or grandparent, for whom you can provide membership information.

Write the name and address of the organization that maintains updated and accurate membership data for such Tribe or Band of Indians. The name does not need to be the official name as it appears exactly on the Department of Interior's list of federally recognized Tribes, but the name must be recognizable and be of sufficient detail to permit verification of the eligibility of the Tribe. Check only one box indicated whether it is a Federally Recognized, State Recognized, Terminated Tribe or Organized Indian Group. Write the enrollment number establishing the membership for the child, parent or grandparent, if readily available, or other evidence of membership.

**Attestation Statement:** Provide the printed name of parent/guardian and signature, address, phone number and email of the parent or guardian of the child. The signature of the parent or guardian of the child verifies the accuracy of the information supplied.

Paperwork Burden Statement: According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1810-0021. # **Are Your Kids Ready?**

Minnesota's Immunization Law

# Immunization Requirements

Use this chart as a guide to determine which vaccines are required to enroll in child care, early childhood programs, and school (public or private).

Find the child's age/grade level and look to see if your child had the number of shots shown by the checkmarks under each vaccine. The table on the back shows the ages when doses are due.

#### Immunizations recommended but not required:

## Influenza

Annually for all children age 6 months and older

**Rotavirus** For infants

Human papillomavirus At age 11-12 years

- 1 Not required after 24 months.
- 2 If the child has already had chickenpox disease, varicella shots are not required. If the disease occurred after 2010, the child's doctor must sign a form confirming disease.
- ③ First graders who are 6 years old and younger must follow the polio and DTaP/DT schedules for kindergarten.
- 4 Fifth shot of DTaP not needed if fourth shot was after age 4. Final dose of DTaP on or after age 4.
- 5 Fourth shot of polio not needed if third shot was after age 4. Final dose of polio on or after age 4.
- 6 Need proof of at least three tetanus and diphtheria containing doses. If up to date on DTaP/DT series, no additional doses needed.
- 7 An alternate two-shot schedule of hepatitis B may also be used for kids age 11 through 15 years.
- 8 One dose of Tdap is required beginning at 7th grade. Also need proof of at least two tetanus and diphtheria containing doses (DTaP/DT/Td). If a child received Tdap prior to 7th grade, another dose of Tdap is not needed.
- One dose is required beginning at 7th grade. The booster dose is usually given at 16 years.

#### **Exemptions**

To enroll in child care, early childhood programs, and school in Minnesota, children must show they've had these immunizations or file a legal exemption.

Parents may file a medical exemption signed by a health care provider or a non-medical exemption signed by a parent/guardian and notarized.
